Chief, Management Staff, FMD/OL

SUBJECT: Preparation of FMD 5-Year Plan

To assist in preparing a draft agenda, please plot out (as best you can) comments and notes concerning trends in each of the specified categories. At this point, the draft is a guide or proposal - do not be concerned with details or quintessence. I plan to consolidate your information into a division report for further review and refinement and to ultimately produce an FMD 5-year plan. Feel free to add new categories to satisfy a specialized area. Please respond by 4 January 1988. We'll meet after the first cut.
